

We are always there for you - even in difficult times!

Every day we receive new status reports on the corona virus (Covid-19) and of course this topic is also highly relevant for us. In order to be able to deal with the constantly changing situation in the best possible way, we are in constant communication with our partners and employees and have formed a group-wide crisis team.

The health and well-being of our employees has top priority. In view of the developing situation, AUTRONIC has taken extensive measures to ensure the safety and productivity of our customers, partners and employees:

- Our employees were sensitized to take precautionary hygiene measures (e.g. disinfectants at the sites, no shaking hands, etc.). There are also precise instructions on how to proceed in suspicious cases.
- We have expanded our visitor management for external visitors at our sites and have made it more restrictive to protect our employees. We now receive visitors in emergencies only.
- We are reducing our travel activities to business-essential and business-critical travel, avoiding risk areas.

The second important aspect is to guarantee our business operations. Due to our corporate structure (possibility to carry out core activities at several locations) our business operations are secured and we consider ourselves well prepared for the current situation. At the locations our teams are in constant communication with each other and we have developed company-wide emergency plans to ensure core functions at key locations. Our crisis team reviews the latest developments on a daily basis and takes appropriate action. In addition, employees in our company's sales and purchasing departments are equipped with all the working materials they need to ensure that they can work in their home offices.

We are happy to help you ensure the continuity of your business operations even in these turbulent times. If you have any further questions in this regard, please do not hesitate to contact us at any time.

Your contact persons are still available as usual.

In case of an emergency, AUTRONIC's crisis team members are available during normal office hours (09:00 to 16:00) as follows:

Email:

Sales: vertrieb@autronic.de
Purchase: einkauf@autronic.de
